- Public speaking
- Interpersonal communication
- Proactive
- Teamwork

LANGUAGES

- **English**

  TOEFL
  Upper-Intermediate
- **French**

  Intermediate level

ABOUT ME

II have been learning English since elementary school, studying in various schools and consistently achieving top grades in the language. In addition to English, I studied French for three years as my third language, further enhancing my linguistic abilities. Most recently, I completed a semester on an exchange program in France, where I developed my French proficiency while conducting an academic project entirely in English. During this time, I used English daily for all communication, including teamwork, writing reports, and presenting the project to clients and university representatives. My dedication to English culminated in earning a TOEFL certification at the upper-intermediate level, demonstrating my strong proficiency and commitment to mastering the language.

EDUCATION

Expected graduation December 2026

Engineering in Mechatronics
Tecnológico Nacional de México en Celaya

EXCHANGE

EUROPEAN PROJECT SEMESTER
Université de Technologie Tarbes Occitanie Pyrénées, Tarbes, France.
